

## DROP-OFF DAY TRAINING SESSIONS

### 1, 2 & 3 Day Options

*Unleash will complete a complimentary in-home consultation prior to beginning any training program. This is a great opportunity to get to know you and your dog and understand the goals you'd like to achieve. Training approach and equipment – such as collar and leash options – will also be discussed.*

#### Overview:

Instead of spending the day at home alone or just hanging out in daycare, dogs make the most of their day at Unleash by learning skills that build confidence, communication, and benefit them - and their pet parents - for a lifetime! Drop-Off Day Training is a great option for those who prefer to avoid the potential stress of overnight stays.

Day Training Sessions are also great refreshers for training skills the dog has already learned. Brush-up on obedience, leash manners, and even build confidence in situations the dog finds challenging. Go-home lessons are included at pick-up after the conclusion of each Day Training Session. This allows you to continue building on and practicing skills at home.

Daily drop-off is 10 a.m. with a return for pick-up at 3:00 p.m. at which time an Unleash trainer will provide a comprehensive Go-Home Lesson with the pet parent to thoroughly review all skills learned, proper leash handling techniques, and the correct use of each skill learned. If selecting a multi-day Day Training option, it's ideal to schedule session dates fairly close together for optimal learning and retention. **A specified number of Private Follow-Up Lessons at Unleash facilities are also included with each Day Training option.**
